## **POLICY DOCUMENT FOR DISABLE-FRIENDLY, BARRIER-FREE ENVIRONMENT**

The Government of India formulated national policy for person with disabilities in February 2006 which deals with educational rehabilitation of persons with disabilities. Therefore in view of this Divekar College of Commerce, has implemented these policies in the teaching and learning process. This college policy recognises that persons with disabilities are valuable human resource for institution and it seeks to create an environment that provides equal opportunities, protection of the rights and full participation in the academic environment.

The focus of the policy is on the following

- 1) To ensure that the design of the building such as ramp/lift should be according to the disabled person.
- 2) To ensure the accessible, gender-sensitive, safe, usable and functional washroom facilities should be provided for disabled persons.
- 3) Learners with disability need to be adequately and appropriately supported in and out of the classroom with right resources and with leadership of teaching staff and college communities that are responsive to their needs.
