

7.1.9 Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens.

Human Values

In India, many students work hard to get decent grades but yet struggle to gain employment. Apart from their syllabus, the student should learn the ability to self-manage, solve problems and understand the business environment. They should work as team member with time and people management. They need to be alert, adapt to different roles and flexible in working environment. With this pressure to cope, it is vital that students are taught to manage their lives with empathy-human values need to be inculcated into their very being.

Students get benefitted by the development of life skills and values in the following ways

- Find new ways of thinking and problem solving.
- Avoid blaming others by taking responsibilities.
- Attain skill to develop self-confidence
- Build self awareness
- Build the skill to appreciate others
- Evaluate and make decisions

Professional Ethics-

Professional Ethics are values that manage the attitude of a person or group of corporate / professional environment, it also provide guidelines on an environment on how a person should act towards other people and institution.

Education is clearly about understanding, learning skills and practicing the understanding and skills leading to fulfillment of one's purpose.

The impression on students on professional ethics is

- Student respect professionalism
- Students respect code of ethics.
